

**VILLAGE OF SOUTH LEBANON  
MINUTES  
WORKSHOP MEETING  
NOVEMBER 5, 2015  
6:45 P.M.**

1. Mayor Lawhorn called the meeting to order at 6:45 p.m.
2. Linda Allen - Present  
Randall Atkins- Present  
James Boerio – Present
3. Tony Ledford reported during activities from October. He said they took advantage of Zoar Road being closed and trimmed trees and put gravel along guardrail. He said they used the grindings in the parks.

Sue Johnson - Present  
Steve Riley – Present  
James Smith – Present

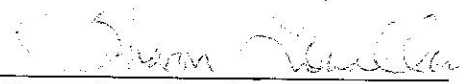

Tony said they did full depth repair on Claude and Ilene. He said they painted the bed on a truck and using rain days to get ready for snow removal. He said we are getting ready to do a service contract for our sewer pumps. Atkins asked when they were serviced and Tony said they were not done last year. Atkins stated they need to be serviced every year. Tony said we had a contract last year but they weren't done. Tony said council may want to think about leaf pickup. Discussed possible equipment.

Riley said the Barrett's told him they were digging a basement in the new subdivision and dumping it on the curb and then it was all in their driveway. Tony said he cleaned up and hosed it down. Discussed a low spot. Tony said the salt bin is running over so we are in good shape to start the season.

4. Mayor Lawhorn opened the floor to the public:

Leonard Jessen – he said it was a great job on Zoar Road and asked what originally tore the road up. He asked was it truck traffic or age. He asked if excess weight of the trucks up and down the hill had anything to do with it. Mayor Lawhorn said it is a shady area and shady and wet will make the road deteriorate faster and nothing had been done to that road for a number of years. Mr. Jessen stated the speed limit in the village is 25 mph and out on Zoar the speed limit is 35 mph and then 25 mph back into town. Mayor Lawhorn stated the speed limit was reduced because of the road condition. Mr. Jessen asked if it will be changed. Mayor Lawhorn said it is almost impossible to hold 25mph but with the curves it will be up to the council.

5. Atkins asked Tony if the Morgan Drive asphalt was our problem. Tony said when connecting the raw water line it blew under the road and pushed the gravel up. Atkins said we need to fix it. Atkins asked Tony to communicate with Mr. Morgan and let him know what is going on.
6. Sgt. Boylan said he drives fairway from Mason every day and a possible solution to Vista Ridge may be permanent flashing speed light and also bold letter in the pavement put speed limit 25mph, or stop ahead. He said something like that may help draw attention.
7. A motion to adjourn the meeting was made at 8:10 p.m. by Allen, seconded by Riley, all yeas.
