Linda Allen – Present	Maryan Harrison – Present
Linda Burke – Absent	Bill Madison – Present
Bryan Corcoran – Present	Rolin Spicer – Present

3. Haddix stated that it has been brought to his attention after the last snow event that some streets need to be looked at to have no parking on one side of the street. One street that is continually brought up is Little Turtle Drive. Our snow trucks can barely fit with parking on both sides of the street. Riverstone Drive and Valley View Drive are some additional streets with the same issues. Haddix suggested that an overall parking plan be put into place. Madison suggested reaching out to the HOA's to coordinate a plan. Corcoran stated that Stonebrook Subdivision sent out a survey to residents asking residents to petition the Village about parking only on one side of the street. This just happened within the last month. Haddix stated that there are fire code standards and suggested contacting Fire Chief Napier and Fire Chief Reese with a consensus on handling this issue. Sgt. Boylan agreed that this needs to be addressed. We need to give emergency responders the room they need to do their job.
4. Ronda Gillivan, 1043 Orchard Run Drive - On behalf of the Oeder Family, she asked about the waterline project that was discussed to service the Creedon property and will it only service that property, or will it would be able to cross the road and service the Oeder property too. Mayor Smith said yes. Ms. Gillivan asked the timeline on the waterline project. Mayor Smith stated that the engineering legislation for the project was passed tonight.
5. Mayor Smith asked for a motion to adjourn the meeting at 7:16 p.m. A motion made by Allen, seconded by Madison, all yeas.
