This will give up accurate numbers to help us determine where we have traffic problems. The quote I just received is approximately \$3,630. Sgt. Boylan said that it is battery powered so we should get a couple of weeks out of the battery which is typically the length of time that I leave it in an area. Mayor Smith stated that this is up to Council. Madison asked if anyone objects to this. Teasdale stated it is a good idea. Atkins asked Madison what do you think for compensation. Madison said lets compensate him at the rate Ledford is making for that period of time. Mayor Smith asked Armstrong for the timeline. Armstrong said that she would need to take a look at this. Mayor Smith asked Council if we want to base it on the amount of time that Armstrong comes up with. Madison said yes that it is cut and dry when Ledford took his leave and when he came back.
